

# THE GREAT ECO JOURNEY

## IN THE WORKPLACE

Let's talk trash with your staff!

"Passion + Knowledge + Charisma!"

Juliet can come to your workplace and inspire your staff to reduce their waste, either in a formal presentation, a casual chat or a lunch & learn. Juliet can speak on a variety of especially-tailored topics where you and your colleagues will get practical, cost-effective tips to reduce the amount of rubbish you throw in your bin; at home, work and out and about. It's not about all-of-a sudden going 'zero-waste' or 'plastic-free', it's about taking small simple steps, one at a time, which combine to make a big impact. With many years of teaching and public speaking experience, Juliet is a natural. No judging, no preaching. It's all about progress, not perfection.
